

&nbsp;About Greenville Auto AuctionOur MissionWe are committed to being a premier dealer sale in NC. We will accomplish this by providing excellent and personal service to our customers. We will operate every aspect of our auction with integrity. We will support and develop our team members so that they can do their jobs well. We are dedicated to building long term, mutually beneficial relationships with our customers.

Greenville Auto AuctionGreenville Auto Auction is an independently owned, relationship-driven business formed by the Stallings family. In July 2010, the Stallings purchased a pre-existing public auto auction in Greenville, NC and converted it to a dealer-only sale. The auction is conveniently located on 42 acres and contains 5 lanes, a full-service grill, a vehicle service facility, and 24-hour security. GAA is a member of the ServNet Auction Group, a network of America&rsquo;s premier independent auto auctions. With the restructure of the prior business operation model, GAA implemented many changes to improve the buyer and seller experience. Greenville Auto Auction has shown their commitment to being a premier dealer sale in Eastern North Carolina by building better service structures, extensive facility renovations, and technology updates, including the implementation of the online auction program, EDGE Pipeline. We are continually seeking ways to benefit our customers including cultivating new, resourceful relationships and offering innovative sale-driven programs like our 28 Day Float. We invite you to come experience Greenville Auto Auction for yourself. Our team is ready to serve and meet your needs in any way possible! We currently have the pleasure of doing business with BB&T/RAC, U-Haul, Flexco, SECU, First Investors, PFS, CARS, GSA, and more!&nbsp;
